October 2025 Community ACTions

At our quarterly meeting on October 23, we welcomed a special guest to talk with our board members. Maria, a student in the Career Practicum program at Susquehannock High School in southern York County, is now partnering with us to plan an exciting fundraiser for this spring/early summer. We are looking forward to her fresh ideas and hope to help her learn more about non-profits.

In the spirit of Halloween, we made our debut at our first community event at Britton Coffee in McSherrystown. We set up using our wheelchair van for a trunk-or-treat where we reached almost 300 people with information about ACT services!

Our first fundraising campaign, Fill-A-Car, was a complete success thanks to the friends, families and communities of ACT.

Through the online donation platform Givebutter, along with cash and check donations, we were able to fill every car and raise \$590! These funds were used to offset fees and even provide free transports for those who cannot afford to pay. We are grateful to all of our donors that are helping to keep costs down for those who are less fortunate.

ACT by the Numbers in October

- ★ 168 individual transports
- ★ 8 new clients
- ★ 21 different destinations
- ★ 67 new facebook followers
- ★ \$1165 in discounts and free transports

ACT-ers Say: "I have been using Accessible Care Transport for many weeks now. I have nothing but the best to say about them. They are always on time, are very considerate of my personal issues and my needs. I could not ask for anything better. In addition, the rates are much better than another company that I was using before ACT started for me.

Thank you so much for all your care, and I highly recommend them for transportation needs." - Dori L.

Caught in the ACT: Have you been able to spot us yet?

Here are a few places we have visited during the month of October!

ACT Experience

You may have seen our Facebook post about Brenda and her mask for her radiation treatments. Accessible Care Transport, Inc. was called in to help Brenda get to her appointments after some harrowing experiences with rideshares. Being a single woman living in a remote area of Adams County, traveling through the mountainous orchards with no cell service with strangers was unsettling. She told us some of her scary stories of being in a car with drivers speeding down the highway, playing with their phones, weaving outside their lane and looking like they hadn't slept in days. It was enough to make ANYONE frightened! She reported two of the drivers to the rideshare service in the hopes that no one else would have to deal with their unsafe and inappropriate behaviors. Brenda was relieved to finally ride with ACT and felt comfortable with us on her very first trip. Her nightmare was over!

With Accessible Care Transport, Inc., you can rest assured you will be with friendly, compassionate and certified drivers who will get you to your appointments safely and on time without feeling like you're in a bad Halloween movie!

Future ACTs

Be on the look out for Accessible Care Transport, Inc. on the road and at events! As we continue to grow our presence in the community, we hope to help more people get to their much needed medical appointments and procedures. If you would like to volunteer to be on our fundraising or marketing committees, please contact us (see contact info above).

For the month of November, we are launching a new fundraising campaign to give back to those who have fought for our country and for those who keep us safe, with all proceeds going towards reducing or covering the cost of transportation for **active or retired veterans and first responders**. We will also be participating in the World Day of Giving on December 2, so keep an eye on our social media for more information and to learn how you can help us help others.

Contact us at least 24 hours in advance to schedule your transport.
